

Gut

The Journal of the British Society of Gastroenterology

Contents Vol. 12, No. 7, July 1971

- Observations of isolated enterocytes and of their subcellular components using transmission and scanning electron microscopy
M. N. MARSH, T. J. PETERS, AND A. C. BROWNpage 499
- Electron microscopy in Crohn's disease
A. P. R. ALUWIHARE.....page 509
- Recurrence of Crohn's disease after primary excisional surgery F. T. DE DOMBAL, I. BURTON, AND J. C. GOLIGHER.....page 519
- Ileostomy and excisional surgery for chronic inflammatory disease of the colon: A survey of one hospital region JEAN K. RITCHIE
Part I Results and complications of surgerypage 528
Part II The health of ileostomists.....page 536
- Immunological studies in a patient with ulcerative colitis and sarcoidosis DAVID W. WATSON, HAROLD M. FRIEDMAN, AND ALICIA QUIGLEY..... page 541
- Abnormalities in intestinal electrolyte transport in congenital chloridorrhoea LESLIE A. TURNBERG page 544
- The effect of healing on bile reflux in gastric ulcer R. B. BLACK, GWENDA ROBERTS, AND J. RHODES..... page 552
- The isolation and composition of the major glycoprotein from human gastric aspirates J. SCHRAGER AND M. D. G. OATES.....page 559
- Interaction between ABO and Rhesus blood groups, the site of origin of gastric cancers, and the age and sex of the patient GARY A. GLOBER, E. G. CANTRELL, R. DOLL, AND R. PETOpage 570
- The serum concentration of the third component of complement β_{1c}/β_{1A} in liver disease R. A. FOX, F. J. DUDLEY, AND SHEILA SHERLOCK page 574
- Absorption of vitamin E in children with biliary obstruction J. T. HARRIES AND D. P. R. MULLER page 579
- Portal venous injection in the rat L. H. BLUMGART, K. G. LEACH, M. S. F. MCLACHLAN, S. SEAGER, AND C. J. RYANpage 585
- Progress report* Genetics and gastroenterology R. B. MCCONNELL page 592
- Progress report* In 'defence' of the gastric mucosa MARTIN LIPKIN page 599
- Notes and activities* page 604
