

## *The Journal of the British Society of Gastroenterology*

### Contents Vol. 12, No. 7, July 1971

Observations of isolated enterocytes and of their subcellular components using transmission and scanning electron microscopy M. N. MARSH, T. J. PETERS, AND A. C. BROWN .....	page 499
Electron microscopy in Crohn's disease A. P. R. ALUWIHARE .....	page 509
Recurrence of Crohn's disease after primary excisional surgery F. T. DE DOMBAL, I. BURTON, AND J. C. GOLIGHER .....	page 519
Ileostomy and excisional surgery for chronic inflammatory disease of the colon: A survey of one hospital region JEAN K. RITCHIE Part I Results and complications of surgery .....	page 528
Part II The health of ileostomists .....	page 536
Immunological studies in a patient with ulcerative colitis and sarcoidosis DAVID W. WATSON, HAROLD M. FRIEDMAN, AND ALICIA QUIGLEY .....	page 541
Abnormalities in intestinal electrolyte transport in congenital chloridorrhoea LESLIE A. TURNBERG .....	page 544
The effect of healing on bile reflux in gastric ulcer R. B. BLACK, GWENDA ROBERTS, AND J. RHODES .....	page 552
The isolation and composition of the major glycoprotein from human gastric aspirates J. SCHRAGER AND M. D. G. OATES .....	page 559
Interaction between ABO and Rhesus blood groups, the site of origin of gastric cancers, and the age and sex of the patient GARY A. GLOBER, E. G. CANTRELL, R. DOLL, AND R. PETO .....	page 570
The serum concentration of the third component of complement $\beta_1C/\beta_1A$ in liver disease R. A. FOX, F. J. DUDLEY, AND SHEILA SHERLOCK .....	page 574
Absorption of vitamin E in children with biliary obstruction J. T. HARRIES AND D. P. R. MULLER .....	page 579
Portal venous injection in the rat L. H. BLUMGART, K. G. LEACH, M. S. F. MCLACHLAN, S. SEAGER, AND C. J. RYAN .....	page 585
Progress report Genetics and gastroenterology R. B. MCCONNELL .....	page 592
Progress report In 'defence' of the gastric mucosa MARTIN LIPKIN .....	page 599
Notes and activities .....	page 604
