

# Gut

*The Journal of the British Society of Gastroenterology*

Contents Vol. 22, No. 3, March 1981

Immunohistological characterisation of intraepithelial lymphocytes of the human gastrointestinal tract  
W S SELBY, G JANOSSY, AND D P JEWELL *page 169*

Human colonic intraepithelial and lamina propria lymphocytes: cytotoxicity *in vitro* and the potential effects of the isolation method on their functional properties M CHIBA, W BARTNIK, S G REMINE, W R THAYER, AND R G SHORTER *page 177*

Impaired immunity in patients with inflammatory bowel disease and hyposplenism: the response to intravenous  $\phi$ X174 F P RYAN, J VERRIER JONES, J K WRIGHT, AND C D HOLDSWORTH *page 187*

Effect of prednisolone on prostaglandin synthesis by rectal mucosa in ulcerative colitis: investigation by laminar flow bioassay and radioimmunoassay C J HAWKEY AND S C TRUELOVE *page 190*

Oral zinc supplements in non-responsive coliac syndrome: effect on jejunal morphology, enterocyte production, and brush border disaccharidase activities P E JONES AND T J PETERS *page 194*

*In vitro* diagnosis of cow's milk protein sensitive enteropathy by organ culture method N IYNGKARAN, M YADAV, S BALABASKARAN, AND E SUMITHRAN *page 199*

Prospective study of periostitis and finger clubbing in primary biliary cirrhosis and other forms of chronic liver disease O EPSTEIN, R DICK, AND S SHERLOCK *page 203*

Hyperplasia of the exocrine pancreas after small bowel resection in the rat P HAEGEL, C STOCK, J MARESCAUX, B PETIT, AND J F GRENIER *page 207*

Pentagastrin in diffuse oesophageal spasm R M WEXLER AND M D KAYE *page 213*

Anomalies of peristalsis in idiopathic diffuse oesophageal spasm M D KAYE *page 217*

Capillary blood flow in the canine colon and other organs at normal and raised portal pressure A S GRANDISON, J YATES, AND R SHIELDS *page 223*

## *Clinical trial*

Randomised trial of endoscopic argon laser photocoagulation in bleeding peptic ulcers A G VALLON, P B COTTON, B H LAURENCE, J R ARMENGOL MIRO, AND J C SALORD OSES *page 228*

## *Case reports*

Oesophageal tuberculosis: four cases C JEAN DOW *page 234*

Diffuse enterochromaffin-like (ECL) cell hyperplasia and multiple gastric carcinoids: a complication of pernicious anaemia J R HODGES, P ISAACSON, AND RALPH WRIGHT *page 237*

## *Progress report*

Surgical management of morbid obesity S N JOFFE *page 242*

Notes and activities: Books *page 255*
