## CONTENTS

Recording of intestinal motility: routine or research? A. M. CONNELL	page 527
Population control in the small bowel SHERWOOD L. GORBACH	page 530
Observations on the epidemiology of appendicitis DAVID J. B. ASHLEY	page 533
Evidence of vitamin E deficiency in patients with malabsorption or alcoholism and the effects of therapy M. S. LOSOWSKY and P. J. LEONARD	page 539
Morphological observations on gastric ulcers treated with carbenoxolone sodium T. E. W. GOODIER, L. HORWICH, and R. W. GALLOWAY	page 544
A study of the effect of saliva on the concentration of mucin in gastric juice and its possible relationship to the aetiology of peptic ulcer S. L. MALHOTRA	page 548
Effect of the exocrine pancreatic secretions on iron absorption H. KAVIN, R. W. CHARLTON, P. JACOBS, R. GREEN, J. D. TORRANCE, and T. H. BOTHWELL	page 556
Cystic arterial patterns in diseased human gall bladders K. C. D. GORDON	page 565
An experimental method for recording the behaviour of human isolated colonic segments ANNE BUCKNELL and C. CLARK	page 569
Influence of gastric pH on gastric and jejunal flora I. D. ALLAN GRAY and M. SHINER	page 574
Gastric haematological, and immunological abnormalities in Hashimoto's thyroiditis K. F. R. SCHILLER, L. MICHAEL SNYDER, and M. B. VALLOTTION	page 582
Acid and pepsin responses to gastrin in Heidenhain pouch dogs following bilateral adrenalectomy ALLAN R. COOKE	page 588
Effect of intravenous calcium administration on gastric secretion of acid and pepsin in man R. A. SMALLWOOD	page 592
Validity of polyethyleneglycol in the study of the total pancreatic secretion in man after stimulation by secretin, pancreozymin, or food H. WORNING	page 599
Neuromuscular disease in patients with steatorrhoea H. J. BINDER, G. B. SOLITARE, and H. M. SPIRO	page 605
Reversal of non-Addisonian achlorhydria by a Roux-en-Y loop W. M. CAPPER, T. J. BUTLER, and J. O. KILBY	page 612
Risk of anicteric hepatitis following blood transfusion B. N. SOMAYAJI, W. D. STONE, and P. B. GLOVER	page 614
Surface area of the small intestine in man J. P. WILSON	page 618
Absorption of lactose and its digestion products in the normal and malnourished Ugandan G. C. COOK, ANNE LAKIN, and R. G. WHITEHEAD	page 622
The British Society of Gastroenterology	page 628
